

Technical Card 23/2013

Product type: Insulating set

Name: Insulating set XDK

The set consists of :

- wool cubes in shape of:
150x50 mm and 70x50 mm(1)
- wool tress Ø 50 mm diameter(2)
- air- permeable collar (3)
- air-tight flashing(4)

Parameters:

Air- permeable collar	
Material	3-layer high air-permeable membrane
Thickness	135 g/m ²
Reaction to fire	E
Resistance to water penetration	W1
Parameter Sd	0,015m

Thermo- insulating material	
Material	Sheep wool insulation (ETA-05/0021)
Impregnation	Anti-microbial, anti-inflammatory
Density	18 kg/m ³
Thermal conductivity	$\lambda=0,0442 \text{ W/m}^2\text{K}$
Reaction to fire	E

Air-tight flashing	
Material	Polyethylene

Supplier: FAKRO sp. z o.o.
ul. Węgierska 144 a
33-300 Nowy Sącz
Poland

All information, technical data and recommendations concerning products offered by our company are based on tests that we assess as reliable, however, due to a variety of materials, substrates and different working conditions we cannot guarantee complete effectiveness of their application. The user is solely responsible for the decision whether the product is suitable for use in particular conditions and for its implementation.
